

NEW DAY NEXT STEPS

EAST COAST LEADERS GATHERING

OCTOBER 14 - 15, 2022

Your regional team and the entire USA team is really anticipating this upcoming leaders gathering. Our theme is New Day - Next Steps. We believe it truly is a new day in the Kingdom. While our message remains the same, the world dynamics have shifted. It is in this shifting that we are sensing the need to respond with next steps as local churches engage in their environment. Whether you are a micro church or community church, one of the dynamics to responding to change is to understand what has changed.

Our goal is to help bring some definition to changes that have occurred and then our needed response to those changes. Not all changes are Kingdom inspired, but our response needs to be inspired by our relationship with the King for the purpose of advancing His Kingdom. Make plans to join us as we look to identify changes and bring clarity to next steps needed in expanding His rule on the earth!
